

Pietrafitta

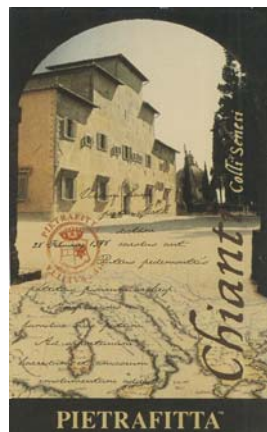

Winery Profile:

The Pietrafitta winery has been producing wine at the same location for over 450 years. In addition to being one of the oldest estates, Pietrafitta is one of the most famous and respected producers in the region. The history of the winery goes back to the times of Michelangelo and Dante. In fact, both Michelangelo and Dante refer to Vernaccia, most probably produced at Pietrafitta, in their writings. The winery is located at the top of a hill that overlooks the town of San Gimignano. Pier Paolo Muri oversees the winery operation and continues the centuries old tradition of producing fine Tuscan wines at the estate.

Vernaccia di San Gimignano-DOC

Vernaccia was Italy's first DOC wine. Pietrafitta has combined new and modern wine-making techniques with age old traditions to produce the best Vernaccia possible. This wine is fresh and fruity but exhibits the full bodied character associated with the Vernaccia grape. It is a very versatile food wine that will accompany many dishes, including meats. Experience its legendary taste.

Chianti—Colli Senesi-DOCG

The Sienese Hills growing district produces some of the finest Chianti from the region and is almost always more affordable than Chianti from the neighboring Classico district. Pietrafitta Chianti is unique in that it is aged less than a Riserva but more than a normal Chianti. Priced with many wines of lesser quality, this wine is a great value!
